What's Gitpod anyway?

Spin up fresh, automated
dev environments for each
task, in the cloud, in
seconds.

Let's see why

What 🍊 Gitpod 🍊 isn't

What 🍊 Gitpod 🍊 isn't

- Heroku-like
- a shared dev environment

Perfect use cases

Perfect use cases

- Project “starter”
- I work with many setups
- WF anywhere
- Live demos
- Workshops, trainings, ...
